PATENT APPLICATION

Dear Sir:

In connection with the above-captioned application, applicant's attorney is submitting herewith a duplicate copy of the application along with copies of all the formal documents and the check and return postcard which were forward to the United States Patent Office on December 30, 2003.

Also enclosed is a copy of the Express mail receipt showing the deposit with the United States Post Office on December 30, 2003 transmitting the subject patent application for filing with the patent office.

To date, applicant's attorney has received no return postcard nor has there been any acknowledgement of the filing of the subject application.

The subject application is a continuation in part application serial number 10/100,359 filed on March 18, 2002 which was being handled by examiner William M. Pierce in art unit 3711. Applicant's attorney spoke with

KNECHTEL, DEMEUR & SAMLAN

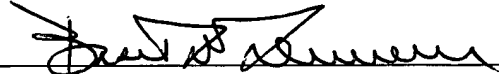

Examiner Pierce to determine if the new application was received in his group or on his desk and was advised that no such application has been received in the group.

Applicant's attorney wishes to maintain co-pendency of the new application with the previous application in view of the fact that the new application was in fact mailed on December 30, or well within the time for response relative to the previously existing application.

It is therefore requested that the patent office issue a filing data receipt for the new application in accordance with the enclosures herewith.

Respectfully submitted,

KNECHTEL, DEMEUR & SAMLAN
